

THE EUROPEAN NETWORK FOR THE STUDY OF GLOBALISATION (ENG)

NEWSLETTER 01-2007

August, 2007

Member list

We hope that you have all received ENG's expanded member list in which Internal as well as External founding Members are presented. To help us keep the list up to date, please send any changes to the information contained to zis-ff@speed.at.

Initiation of work:

The distribution of the founding declaration and the registration of the Members formally established the Network. The team became an official European Network for the Study of Globalisation and commenced its activities.

Internet presence and portal from October 2007

In October 2007 ZIS-FF will establish a webpage that will function as a forum for the presentation of ENG as well as ideas, texts, proposals, links and initiatives of ENG. This will be the permanent and prominent base and discussion platform of ENG. All information that is deemed of interest to, and important for ENG collaboration will become widely accessible on the site. Dialogue about possible joint projects will be facilitated via the site.

Preparatory work by October 2007

To insure the success of the Internet premiere of ENG in October 2007 it is important that all Internal and External Members **submit texts** that they have already published and links relevant to their fields of research by **30 September 2007**. These should be in English or German and sent to zis-ff@speed.at. The aim is to present the research foci of the Network Members. These calling cards will enable the Members to become better acquainted with each other's intellectual work and initiate dialogue. They will also present the group to the wider public.

Electronic Publication - September 2008

One of our central objectives is the establishment of an Internet Journal in **September 2008**. The team will produce a **treatise** of central importance. This will serve as the focal article of the first issue of the Journal.

Workshop January 2008

In preparation for our first publication a workshop will be held in January 2008 at ZIS-FF in Fürstenfeld. The participation of all Internal Members is compulsory. External Members are invited and most welcome to participate. Detailed information about the workshop will be distributed in October 2007.
